Alucolam and Alucomb is the Highest Standard of Quality, Durability and Beauty

With excellent durability, weather resistance, lightweight and easy to handle fire rated aluminum composite panels, creative building designs can be brought to life. Coated with Kynar 500 PVdF (Polyvinylidene difluoride) supplied by PPG Inc., the coils deliver consistent and long lasting appearances. Kynar 500 is the most superior grade resin that provides outstanding resilience to abrasion, humidity, impact, salt spray and weatherability.

All coatings are tested and supported by PPG Inc. to AAMA 605.2 requirements. Moreover, finishes come in 2 or 3 coats as well as 5 to 30 years / warranty. For specific warranty periods, please consult with our team before order placement.

This color chart proposes a wide variety of our standard solid and metallic offerings. Be sure to view our additional brochures for stone pattern (texture or non-texture), wood and real stone patterns. If you do not see the color or pattern that matches your need, we will be glad to produce the custom color for you.

Available Finish Lines

Solid & Metallic Standard Finish Color Line

This color line is handpicked from the most popular color selections our clients use. This color pallet is always in stock allowing architects and designers to readily choose from and meet project delivery schedules.

Natural Woodgrain Design Line

We understand wood requires thorough maintenance over time and is often more expensive compared to other materials. Hence, we offer over 70 woodgrain patterns to choose from.

Natural Earth Stone Design Line

Inspired by nature, this line offers unique texture while displaying imitations of stone. This product enables designers to be truly creative to utilize variations of texture, pattern, color and gloss.

True Stone Honeycomb Composite Line

Harvested from the earth, real stone panels offer a timeless design for pure elegant aesthetics. The patterns of each stone panel are different as they occur in the natural form directly from the earth.
